III. – RESEARCH THEME

Please indicate briefly (10 lines max) your themes of research, and 4 or 5 key words

My own researches are based on the presentation of information through an electronic document (with animations, sound and interactivity). More precisely, I am studying the different ways of delivering procedural information in a learning task using material such as first aid gestures.

Key words : multimedia learning ; knowledge construction ; ergonomic studies ; presentation effects

III. – VIDEOS AND EXPERIMENTAL MATERIAL

Moments of relaxation might be the occasion to share and show original scientific video documents (not too long) or experimental material (which could be used by all the participants). A video party and an experimental demonstration session have been planned. Could you indicate video or experimental material you would like to present.
